

KRVIA is pleased to announce "Adhish Parkar," (KRVIA alumni), the recipient of the "Best Bachelor's Thesis project of Unfuse International Architecture Thesis Awards -2019."

Best Bachelor's Thesis project of Unfuse International Architecture Thesis Awards - 2019

Winner (Bachelor's) - Adhish Parkar | Ross Island

ROSS ISLAND: A case of perishing paradise

The project intends to appraise and accept the sinking of Ross Island of Andaman and eulogize the state of dystopia by balancing nature, architecture, and history of the eras that the island has witnessed. Also, focuses on how the people and Indian Navy will react to climate change and adapt as the Island passes into oblivion.
