

Kausik Mukhopadhyay, Associate Professor KRVIA Retired on the 30th of November 2020. Over the last two decades, Kausik has shaped the institute's pedagogy in fundamental ways, as all of who taught with him and were taught by him have experienced. This is an opportunity to reflect upon his contributions to architectural education at KRVIA and the influence it has had on institutes within the city, the lives of our students, faculty and alumni.
